

## **Parenthood:**

### **extension of the German Chancellor Fellowship**

Application in writing may be made to extend a fellowship by up to 3 months if at least one child under the age of 12 when the fellowship begins accompanies the fellow to Germany during the sponsorship period. This also applies if the first child is born during the sponsorship period.

The duration of the extension will be determined on the basis of the actual duration of stay of the accompanying child in Germany. As a prerequisite for claiming an extension, the child must be living in the fellow's household in Germany for the entire duration of the extension. The extension ends when the child leaves Germany.

An extension will only be granted if the envisaged project cannot be meaningfully completed within the available period of time. An extension cannot be granted to pursue a new project or a new theme which has developed from the original project.

A corresponding application should be submitted to the Foundation 3 to 4 months before the end of the research fellowship.

The host's confirmation of support is required for an extension of the fellowship to be granted.

The [online application form](#) is available on the Foundation's website.
