

# List of questions

for collaborative partners in Germany

## German Research Chair in “Mathematics and its Applications” at the African Institute for Mathematical Sciences (AIMS)

Our German-African selection committee is interested in your statement concerning the questions below and would welcome your comments **in English**.

Please use a separate sheet and adhere to the numbering; in the heading, please indicate your full name, your academic position, and your institute (with city and country) as well as the name of the applicant your statement is referring to. Finally, please date and sign your statement.

### Questions we would appreciate being replied to:

1. How do you rate the applicant's **academic qualification and achievements** to date with regard to the country of origin and on an international scale? How do you assess the **applicant's publications**, especially her/his **key publications**?
2. In your opinion, what especially qualifies the applicant for the position of a German Research Chair at AIMS?
3. How familiar are you with the applicant (e.g. from publications/ conferences)? If you have collaborated with the applicant in the past, please comment on the scope and extent of your collaboration to date.
4. Please describe the scope of your proposed collaboration with the applicant as well as the current state of your agreements. What results do you expect in research and teaching?
5. What will be **your contribution to the joint work** on research and teaching (if applicable)?
6. Other comments/recommendations for the selection committee.
